methods in the politics of the State and city, and pledge ourselves to continue the fight against them. We denounce Tammany Hall as inimical in its orinciples and practices to the best interests of the Democratic party, and we charge it with responsibility for the shocking mahalministration of public affairs in this city, as revealed by recent investigations.

e favor home rule for cities, and oppose that ralization of power in the State Government th would inevitably follow upon Republican suc-

which would inevitably follow upon responses.

We favor the separation of municipal from State and National elections, as the only means by which we can hope to achieve non-partisanship in the administration of the city's business, a result which cannot be hoped for merely by transferring power from one political party to the other.

We favor the immediate construction of increased and adequate rapid-transit facilities, and since experience seems to have shown that private capital is not ready to undertake the task, we believe that the only-selution of the problem is the construction by the city of a comprehensive system at the public expense, under proper guarantees.

The Convention adopted the report. sections were loudly applauded when read, Chairman Garden then said: "The business next in order is the nomination of candidates for

Ex-Secretary Fairchild advanced to the front of the platform and made an impressive speech as chairman of the Conference Committee. explained at the outset that ne had been obliged to leave town at the beginning of the labors of Conference Committee, seriously broken in health, owing to work and anxiety for the welfare of the organization. The first object which the New-York State Democracy had when it started to form its organization was to rid this city of the burden and disgrace of Tammany (Cheers.) Mr. Fairchild explained how he had followed the work of the Committee of Seventy as given in the newspapers with the

keenest anxiety, although unable to be present. THE WAY TO DEFEAT TAMMANY.

THE WAY TO DEFEAT TAMMANY.

I speak to you now in behalf of the Committee of Conference. For an hour and a half we have been caimly considering not only the effect of an indorsement of the Committee of Seventy's recommendations upon you as an organization, but also the duty which we owe as citizens to this great city (applause) and, after the fullest and most dispassionate consideration, I am instructed by the committee to present to this convention the result of our deliberations. As I have said before, the chief object of this organization is the downfall of Tammany Hall. (Great applause.) You know that the candidate you instructed your conferrees to advocate declined the nomination. Therefore your committee was forced back to the original questially you know that the Committee of Seventy went on and nominated a ticket which was not accepted by our representatives. Had our nominee agreed to stand, he would have had their support, no matter what any other party may have chosen to do.

Now, gentlemen, we who are leaders, we who have invited you to come in and enroll yourselves in this movement against Tammany Hall, we have incurred heavy responsibilities. (Applause.) We know that if Tammany Hall comes into power again, in spite of its fine words, its softness to-day, there is not a defenceless man in this organization who will not find himself crushed out, not only in his politics, but his private business. (Crics of "That's so!" and long-continued cheering.) Therefore we have felt we ought to do all within our power to protect the people against the domination under which they have so often suffered. (Great applause.) Could we do this by nominating a man absolutely of our choice? (Cries of "Yes." "No." "Yes." "No." "ter. "Archild continued, "are of the opinion that this cannot be done. Mr. Fairchild stepped again to the edge of the platform and tried to be heard. It was useless. The Tammany gang yelled, "Grace" "Grace" "Grace" "At last Mr. Grace said: "Mr. Chairman and gentlemen of the convention," but nothing more could be heard. The din was begun again, and seemed likely to be carried on indefinitely, Mr. Grace gesticulated and the chairman pounded with the gavel. Three cheers were given for Grace, and repeated. Men stood on chairs all over the hall waving their hats and canes, and shouting waving their hats and canes and shouting "Grace" "Grace" When the crowd had worn itself out. again he said:
"That is what I was afraid of—that Tammany Hall would pack this hall to defeat the honest action of this convention. (Cheers and hisses.) But when we take the vote by districts these fellows will not be in it." (Laughter and cheers.) Before he could speak further the cry of "Grace," "Grace," was resumed. It died down at last, and Mr. Grace said:

GRACE POKES FUN AT HILL.

"I tell you now, and you may as well understand me at once-I am not the kind of man that this convention can be stampeded for (This evident slap at Senator Hill was followed by immense cheering.) I am not willing to undertake duties which I cannot perform. No dertake duties which I cannot perform. No man has made greater sacrifices for this organization than I have. (Continued disorder.)

"If the Tammany Hall gentlemen will keep quiet I will finish all I have to say in a few minutes. No man has ever been able to chargeme with disloyalty to the Democratic party. (Cheers.) The voting was finally received, and as each assembly District was called the chairman arose and announced the vote of his district. The 1st District went for Grace, at which the Wigwam men cheered lustily. But their delight was short-lived. The 1Id, HId and IV th went solidly for Strong, and so on down through the list. Some district cast a vote or two against the Committee of Seventy's candidate.

THE RESULT ANNOUNCED.

Long before the XXXth District was called the end was foreseen. After the XXXth District had cast its vote, there was a moment of comparative silence as the secretary and tellers bent over the tally sheets. Then the secretary, Mr. Sherman, with his tally sheet in hand, stepped to the front of the platform and announced the

Instantly Mr. Mingey, the of the XVIIIth District, sprang to leader of the XVIIIth District, sprang to his feet and began cheering. His example was followed and the appliause which greeted the announcement completely drowned the hisses of the Tammany men and those with leanings toward the Wigwam. Then followed another stormy scene, and it looked for a moment as if it might lead to something serious. One of the leaders jumped up and moved that the nomination of W. L. Strong be made unanimous.

Instantly there arose a chorus of "Nos!" from all over the hall. The name of "Grace. Grace." was shouted once more from one end of the hall to the other. But the chairman was firm. He raised his hand, and again the tumult subsided.

"W. L. Strong having received a majority of votes, he is hereby declared the choice of this convention for Mayor," said he.

The nomination for Judge of the Superior Court was next in order. Wheeler H. Peckham stepped forward and in a highly culogistic speech nominated Henry R. Beekman. The nomination was greeted with cheers, and it was made unanimous.

was made unanimous.

Alfred Bishop Mason, of the XIth District, then placed in nomination John W. Goff for Recorder. The name was greeted with tremendous and prolonged applause, and it was several minutes before Mr. Mason could go on with his speech, in which he said the Recordership was the cornerstone of the ticket. The nomination was seconded by "Tim" Shea in a neat little speech, in which he moved a rising vote. The chairman thought the motion was to have the vote by acclamation. He so gave it, but delegates got up in different parts of the hall, yelling to their friends, "Up! up" Mr. Goff was then quickly nominated.

FILLING UP THE TICKET.

FILLING UP THE TICKET.

Francis M. Scott had a hearty welcome when ne rose to nominate a candidate for president of the Board of Aldermen. His remarks put the delegates in good humor. He said that if there was any antidote for the State Democracy's swallowing a Republican for Mayor, it would be a straight Democracy man for the presidency of the Board of Aldermen. Then he nominated John Jeroloman, whose nomina-tion went through by acclamation simple.

presidency of the Board of Aldermen. Inche nominated John Jeroloman, whose nomination went through by acclamation, supplemented by three hearty cheers started by delegates from Mr. Jeroloman's district.

There was a breeze when the nomination for Sheriff was reached. Thomas Bour caught the chairman's eye, and placed in nomination Otto Kempner, of the VIIth District. He extolled Mr. Kempner's fighting abilities. James Byrne nominated Edward J. H. Tamsen.

John Fennel, of the VIIth, sald his district was not a unit on Mr. Kempner for Sheriff. The roll was called, and Mr. Tamsen received the nomination by a vote of 1,629 to 77. On the rollicall for Coroners the vote stood: H. G. Anderson, 1,393. Emil A. Hoeber, 754; Patrick H. Merrigan, 677; Dr. Daniel A. Cassela, 163. Dr. John McGivern, 425. No decisive action was taken by the conferrees of the Committee of Seventy yesterday. They held two sessions, at which the question of removing from the ticket Henry R. Beekman, John Jeroloman and Otte Kempner, the candidates belonging to Mr. Grace's organization, was discussed. It was concluded that nothing ought to decease uptil the County Convention of the be done until the County Convention of the State Democracy had acted, and formally de-fined the attitude of that organization in refer-ence to the Citizens' movement. For this reason it was deemed best to adjourn the conference ver until to-day at 3 p. m.

Strong, the Anti-Tammany andidate for Mayor, sent word by Charles Stewart Smith that he had no intention of lining the nomination which had been made by and which would undoubtedly receive proval of a majority in the other A and which would undoubtedly receive the approval of a majority in the other Anti-Tammany organizations. The members of the Conference Committee present besides Mr. Smith were Joseph Larecque, Simon Sterne, Peter B. Olney, Gustav H. Schwab, General Urarce Porter, John Claflin, W. Harris Roome, Frederic Taylor, Everett P. Wheeler, William Travers Jerome, William R. Stewart and R. M. Gallaway

The subject of filing up the ticket was talked over. Ex-Justice Alfred Steckler, of the Independent County Organization, was warmly advocated for Judge of the Supreme Court in place of Mr. Beekman. The name of A. S. Hutchins, of the O'Brien Democracy, was niso suggested, though some opposition to him was manifested on grounds related to the early political views of his father, Waldo Hutchins, who died three or four years ago, holding the office of Park Commissioner. Ex-Assemblyman Alfred R. Conkling was looked upon as a good candidate for President of the Board of Aldermen in place of ex-Justice John Jeroloman, of the State Democ-

It was said that Dr. William O'Meagher might be replaced by Dr. E. J. Palmer, of the XXVth Assembly District. Both are Republicans.

THE TIGER WONDERS "WHERE HE IS AT." TAMMANY LEADERS WAITING ANXIOUSLY FOR SOMETHING TO TURN UP IN THE

MUNICIPAL SITUATION. The Tammany Hall leaders got little nearer a decision as to their pian of campaign yesterday than they have been for the last week. The Committee of Eight had no formal conference during the day, but they did a great deal of conferring and hobnobbing, and had many consultations which resulted in nothing decisive, but the advocates of a straight, undisguised ticket made up throughout of avowed Wigwam men increased in boldness. They declared that a "mongrel nomination," as they called it, for Mayor would result in the loss of five times as many votes inside of the reservation as could be gained outside. As to ex-Mayor Grace himself, many Tammany men who had given inti-mations a week ago of a willingness to accept him scouted the idea of nominating him or any one who might be particularly agreeable to him. Several members of the "inner council" assured inquirers that a deal with Grace had never been seriously

Persistent reports that Park Commissioner Nathan Straus was the choice of a majority of the Tammany leaders have brought down upon the Committee of Eight an-immense number of protects

from retail dealers all over the city, who threaten to oppose any ticket headed by Mr. Straus. Their ground of compilant is that the big drygoods firm in which Mr. Straus and his relations are believed to own the controlling interest has invaded about every class of retail business in New-York, ruining the trade of many small dealers, and disastrously affecting that of larger concerns. Letters received by Tammany leaders charge Mr. Straus with being the originator of the plan of his firm in extending their operations to nearly every branch of retail trade, and say that if he is nominated the various organizations of dealers of all kinds will leave no stone unturned to defeat him.

Ex-Controller Theodore W. Myers continued to have supporters in the Wigwam, who would like to see him head the ticket, but the trend of Tammany sentiment bore all day in the direction of a ticket made up of tigers.

There was good reason for believing last night that the Tammany County Convention which meets this evening may be adjourned to Friday or, perhaps, to Monday evening, next. Tuesday, October 16, is the last day allowed by the Ballot law for filing certificates of party nominations.

The Tammany Hall Executive Committee will meet at the Wigwam at 439-p. m. to-day, at which the question of nominating a ticket or adjourning this evening's convention will be settled.

The 685 Republican delegates will assemble in the Palace Rink, in Clermont-ave., at 8 o'clock, to nominate candidates for Register of Deeds, County Clerk, and County Treasurer. Benjamin F. Blair will call them to order and will probably be made the permanent presiding officer. The contest for the lu crative office of Register will be the especial feature of the convention. Only one candidate has been brought forward prominently for the office of County Treasurer. He is Hubert G. Taylor, a well-known business man in the Nineteenth Ward.
To-morrow evening the Republican City Convention, the Independent Democratic City Convention and the regular Democratic County Convention will meet and make nominations.
At the big Republican mass-meeting to be held on October 16 Senator Saxton and General Stewart L. Woodford will speak, and the presiding officer will be J. S. T. Stranahan.
Henry W. Maxwell, who was talked of as a candidate for Controller in case the independent Democratic ticket should be adopted by the Republicans, made a positive announcement yesterday that he would not be a candidate.

I was in Buffaio last week and got truthful information relative to the Democratic situation in Eric County. The anti-Hill and Sheehan people are exceedingly ugly and outspoken. Democratic gossip about harmony there is nonsense. The same forces that revolted against Maynard and Sheehan last fall are now working for the defeat of Hill. They haven't forgotten a thing. DISSIMILAR CONVENTIONS.

HARMONIOUS REPUBLICANS AND DISOR-DERLY DEMOCRATS AT WHITE PLAINS.

B. L. FAIRCHILD, THE PROTECTION CANDIDATE

FOR CONGRESS-HOWLING DELECATES OF LEG AFTERWARD BROKEN. Two conventions were held in White Plains yes-One, the Republican, was harmonious and peaceful; the other, the Democratic, was turbulent and factious. The Republican convention met in the Orawaspum Hotel at noon to nominate a candidate for Congress in the XVIth District. Ex-Judge Robertson called the convention to order. There

was a full representation from all the Assembly Districts comprising the Congress District, D. den Bradley, of Dobbs Ferry, was chosen chairman and Charles Austin, of Yonkers, secretary. On motion of Charles Young, of New-Rochelle, Benjamin L. Fairchild, of Pelham, was unanimously named as the nominee for Congress. Mr. Fairchild is a large real estate owner at Pelham Heights, in ster County, and a member of the law firm of Southard & Fairchild, No. 155 Broadway, New-York. He is a man of ability and will make an

earnest canvass of the district. The Democratic County Convention, which assem bled in St. John's Hail at 1 o'clock, was attended by none of the order and decorum prevailing at the Republican convention. The convention was called to order by Colonel Francis Larkin, jr., the chairman of the County Committee, who said that he had been directed by the committee to name as temporary chairman Edwin W. Fisk, the recently defeated Democratic nominee for Mayor of Mount Vernon. After the convention had ratified the se lection and secretaries had been chosen, the convention was in an uproar for two hours.

The trouble began when the Chair said that the irst business in order would be the handing up of credentials. Colonel Larkin, of Ossining, who was upon the platform, suggested that the Chair ac ept a printed list of delegates as prepared by the tials forwarded by the chairmen of the Democratic

The Chair refused to accept the suggestion, whereupon Mr. Larkin hastily left the platform, took a eat among the Ossining delegation and in a deflant manner informed the Chair that he was now a elegate, and demanded that his suggestion be sidered as a motion. The Chair ruled him out of order, and insisted that the chairman of each dele gation hand up its credentials as a secretary called he roll of towns. Colonel Larkin became furious with rage, and ex-Senator McCleikind was recog nized among a score of delegates who were shouting words of disapproval at the chairman for his ruling. Ex-Senator McClelland was heard to move that the roll as printed be adopted, except as regards the names of the delegates from New-Ro chelle, there being a contest between the M. Dillon and E. M. Pains, who spoke against ex-Senator McCleland's motion. Mr. McClelland still shouted for recognition, and William H. Wright, of Somers, came to his aid. Standing beside Mr. Fisk he flourished a cane in a somewhat reckless manner, at the same time shouting with an oath that the chair was a fool. The chairman kept pounding the table until order was rustored, when ex-Senator McClelland again upset the convention by saying that he would teach Mr. Fisk a lesson in parliamentary rules before he got through.

William J. Pentield, of Mount Vernon, attempted to help the ex-Senator in his task. The chairman at last carried his point, but the trouble broke out worse than before when Alderman Lally, of Yonkers, moved that three delegates whom he named be appointed by the convention a committee was in favor of the Dillon faction. Mr. Lally skilfully handled his amendment and succeeded in having the chair declare it carried. As many as thirty delegates were all shouting at once, appealing from the decision of the chair At last John H. Murphy, of Mount Vernon, was recognized, and when he excitelly demanded a voice of the convention as to whether the ruling of the chair should be sustained. Mr. Fisk set the Dillon men into a delirium of rage by announcing that what he meant to say was that Alderman Lally's sumendment was lost.

Finally the chair appointed committees on resolutions and contested seats, and then a recess was taken for half an hour. Afterward Daniel Warren, of Rye Neck, reported that the Committee on Credentials found unanimously in favor of the Shannon faction. The nomination of candidates were then in order Mathew Cune, of Peckskill, nominated Eugene Travis, of Cortand.

NOMINATIONS FOR VARIOUS OFFICES Kingston, N. Y., Oct. 9 (Special). The Ulster County Republican Convention which met here this afternoon proved one of the most harmonious and enthusiastic political gatherings ever held in the county. There was an active strife for each nomi-nation. Phillip Schantz, of Lloyd, present chair-man of the Board of Supervisors, was nominated for Sheriff, and George S. Sleight, of Esopus, for County Clerk.

Albany, N. Y., Oct. 9 (Special). The Republicans of Albany County completed their nominations of candidates for the Assembly to-day. The convention of the 1st District was held at Ravenna and was most enthusiastic. John Perrine, of Albany, presided, and Frank Bloomingdale, of Voorhees presided, and Frank Bloomingdale, of Voernees, ville, was nominated by acclamation. Mr. Bloomingdale was defeated for the Assembly last fall by William Lasch, who was set aside by the Demoratic convention on Saturday. Mr. Lasch's friends are angry and promise to support Mr. Bloomingdale. Mr. Bloomingdale was born in Guilderland in July, 182, and since reaching his majority has carried on a successful farming and commission business.

Albany, Oct. 9 (Special). The Republicans of the Hid District, of Rensselaer County, nominates Charles L. Cole, of Greenbush, for the Assembly to-day over William L. Cole, of Troy. ### THE BUSINESS MAN'S LUNCH. Hard Work and Indigestion go Hand in Hand.

Concentrated thought, continued in, robs the stomach of necessary blood, and this is also true of hard physical labor.

When a five horse-power engine is made to do

Very often the hard-worked man coming from the field or the office will "bolt" his food in a few minutes which will take hours to digest. Then too, many foods are about as useful in the stomach as a keg of nails would be in a fire under a boiler. The ill-used stomach refuses to do its work without the rener. stomach refuses to do its work without the proper stimulus which it gets from the blood and nerves. The nerves are weak and "ready to break," because they do not get the nourishment they require from they do not get the nourishment they require the blood; finally the ill-used brain is morbidly awake when the overworked man attempts to find rest in bed.

awake when the overworked man attempts to find rest in bed.

The application of common sense in the treatment of the stomach and the whole system brings to the busy man the full enjoyment of life and healthy digestion when he takes Dr. Pierce's Pleasant Pellets to relieve a bilious stomach or after a too hearty meal, and Dr. Pierce's Golden Medical Discovery to purify, enrich and vitalize the blood. The "Pellets" are tiny sugar-coated pills made of highly concentrated vegetable ingredients which relieve the stomach of all offending matters easily and thoroughly. They need only be taken for a short time to cure the biliousness, constipation and slothfulness, or torpor, of the liver; then the "Medical Discovery" should be taken in teaspoonful doses to increase the blood and enrich it. It has a peculiar effect upon the lining membranes of the stomach and bowels, toning up and strengthening them for all time. The whole system feels the effect of the pure blood coursing through the body and the nerves are vitalized and strengthened, not deadened, or put to sleep, as by the so-called celery compounds and nerve mixtures—but refreshed and fed on the food they need for health. If you suffer from indigestion, dyspepsia, nervousness, and any of the ills which come from impure blood and disordered stomach, you can care pourself with Dr. Pierce's Golden Medical Discovery which can be obtained at any drug store in the country.

THE FIGHT AGAINST TAMMANY HALL DR. PARKHURST ADDRESSES A BIG CROW -WHY A REPUBLICAN AT THE HEAD OF THE TICKET IS ALTOGETHER BEST.

A campaign meeting of the City Vigilance Leagues was held last evening in the Fourteenth Stre Presbyterian Church, and there was a large cat ering of people interested in the work for municipal reform, many women being in the audience The Rev. Dr. Parkhurst was the and he took occasion to criticise ex-Mayor Williams. R. Grace as a leader of the State Democracy this city being unaware at the time that a Grace was rallying his followers to the support the union ticket in the fight against Tammar In the course of his speech Dr. Parkhurst was a plauded frequently and heartily. He said in part: Police Superintendent Byrnes is said to have we are happy to see that Byrnes is doing what h ments of Tammany's success last year was t is taking vigorous hold of this evil by starting with the lodging-houses. If Byrnes will use the enormous resources of his office, and teach a needed lesson by sending some of these rascals to Sing Sing, we will give him all the credit due bin. Again, I find a hopeful sign in the fact that it is so hard for Tammany to find candidates. This is also true of the State Democracy. There is feeling that Tammany is part of the Dermands party, if I were a Democracy is would deny bat with all the vigor possible. Tammany Hall is in a political party. If Drigands are banded together for the purpose of robbery we do not call them a political party; and Tammany, instead of being a part of the Democratic party, is an ulcor on the body of it. To my mind, a member of Tammany Hall no matter who he may be, is beyond an civic, moral or any other kind of regeneralis. They are a lot of thievers, murilerers and bandit.

civic, moral or any other kind of regeneralis. They are a let of thieves, murderers and bandis. They are morally rotten.

I have been asked why I indorsed a ticket win a Republican at the head. As regards person as warm to the Democrats as the Republican as warm to the Democrats as the Republican But I have studied the subject as to what kind a man would be most available to beat Tamman this year. I first conferred with Democrats of words to the interests of their city. They said but this year, in view of all the circumstances of the case, the man most available, who would get the necessary support, would be a Republican.

Things are in a very confused state just at preent, and no one knows what a day may bring forth. I am going to assume, and I hope I as wrong, that the State Democracy is going to prits own ticket in the field. A man called on the other day who was well qualified to speak, all who said that the outlook yesterday was that third ticket was likely to be put in the field, said I thought the State Democracy was and Tammany.

"So It is." no replied, and added that he organization had always bitterly opposed Tammany, and would continue to do so. I asked him whethe with a third ticket in the field, he did not that Tammany would continue to do so. I asked him whethe with a third ticket in the field, he did not that probably would.

"If this is true." I said, "where are your preference of the probably would."

POSITION OF THE GERMAN UNION. From The Staats-Zeitung, October 10.

Mr. Strong has reveatedly declared that he ceptance of the nomination depended won the port of the German-American Reform Union, as is now the duty of the latter to consider constitutions and without prejudice the advisability giving this support. The German-American Circles of the nomination of a Democrat, but upon the nomination of a Democrat, but upon the nomination of a man whose character was a guanantee that his election would lead to a reformation of the city government. The Reform Union fighting Tammany is fighting a worrnless week. It would not be enough to overthrow Tammany existem must be killed and its continuation minuouslible by other rulers. The action of State Democracy cannot be the only consideration declaring the action of the Reform Union, but should have great weight. The reasons of the Remoundary deserve, in fact the most careful contents and "The Staats-Zeitung" argently mends such consideration to the union.
